FAMILY HOME ON A LARGE BLOCK

This awesome family home has had the major items ticked off as both the kitchen and bathroom have been renovated to a high standard and look great! The polished timber floors and white shutters on many of the windows make this home really feel a cut above the rest. The kitchen comes with soft close draws, a dedicated microwave space, overhead cupboards and an island bench. The large lounge room is the perfect place to watch TV on Saturday night with the family or friends. Or sit out on the back deck and enjoy a wine or two.

The yard is fully fenced and also has side gates on either side of the house with 2.4 metre wide side access to the back yard. So you can keep the kids and pets tucked safely away. The front yard includes a double carport and the backyard has loads of space for kids to play or if you want, maybe add a larger shed.
