## MODERN FAMILY HOME ON A 640 BLOCK

Stylish & Chic... when you initially walk in the beautiful front doors of this home, you immediately get a sense that it is a cut above the rest. There are so many words that could describe this home, but for me, it is just a classy family home!

The formal entry makes a statement - designed for family living with the master bedroom with walk in robe and ensuite at the front of the home, it encourages you to move through the elegant living areas to the outdoor entertainment areas.

Once again, the modern kitchen is the heart & centre piece of the living spaces with easy access to either the family room or the more private lounge.

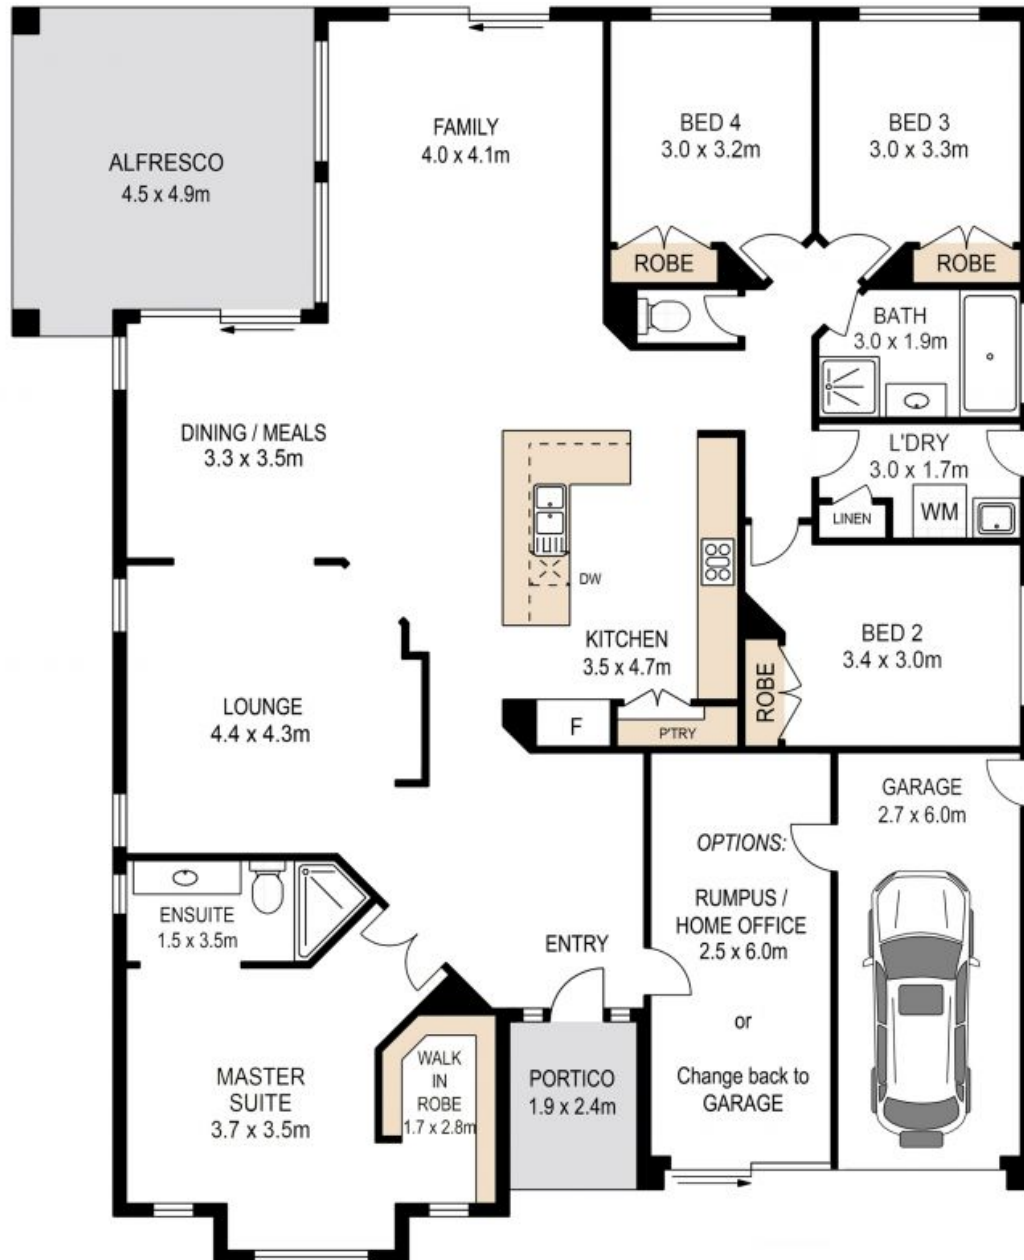

The extra entertaining spaces outside make reading a book, having a morning coffee or maybe watching the kids play a little different
